Fueled with the same spirit, our bold new *Queer as Folk* invites audiences into the lives of an eclectic ensemble of new characters who are brought together by tragedy. The show explores the ever-expanding boundaries of the queer community and

occasionally-harsh realities of our time with authenticity, outrageous humor, and compassion. The heartbreak that will tear our characters apart in the pilot will ignite the fire that brings them together and sets the stage for a vibrant and cathartic series about resilience and love.
