PHILADELPHIA--(BUSINESS WIRE)-- Comcast Corporation (NASDAQ: CMCSA, CMCSK) today reported results for the quarter ended March 31, 2015.

Brian L. Roberts, Chairman and Chief Executive Officer of Comcast Corporation, said, "We are off to a great start in 2015, with 7.6% operating cash flow growth and record quarterly free cash flow. Cable had a terrific quarter, once again reflecting strong results in high-speed Internet and business services. We have made progress in transforming the customer experience while delivering improved products and innovations faster than ever before. At NBCUniversal, we had another excellent quarter, led by Super Bowl XLIX, which was the most-watched television program of all time, along with the tremendous box office success of Fifty Shades of Grey, and the exceptional performance of The Wizarding World of Harry Potter™ - Diagon Alley™ in Orlando. We begin 2015 with great momentum and remain confident that we are well positioned with an impressive portfolio of complementary businesses to continue our strong performance and drive shareholder value."

For additional detail on segment revenue and expenses, customer metrics, capital expenditures, and free cash flow, please refer to the trending schedules on Comcast's Investor Relations website at www.cmcsa.com or www.cmcsk.com.

**Consolidated Revenue** for the first quarter of 2015 increased 2.6% to $17.9 billion. Excluding $376 million of revenue generated by the NFL's Super Bowl in the first quarter of 2015 as well as $1.1 billion of revenue generated by the Sochi Olympics in the first quarter of 2014, consolidated revenue increased 7.2% (See Table 5). **Consolidated Operating Cash Flow** increased 7.6% to $6.0 billion. Excluding $99 million of Time Warner Cable and Charter transaction-related costs in the first quarter of 2015 and $17 million in the first quarter of 2014, consolidated operating cash flow increased 9.0% (See Table 5). **Consolidated Operating Income** increased 9.0% to $3.9 billion.

**Earnings per Share (EPS)** for the first quarter of 2015 was $0.81, a 14.1% increase from the $0.71 reported in the first quarter of 2014. Excluding gains on the sale of a business and transaction-related costs in the first quarter of 2015, as well as gains on the sale of an investment and a favorable resolution of a prior acquisition contingency in the first quarter of 2014, EPS increased 16.2% to $0.79 (See Table 4).

**Capital Expenditures** increased 19.2% to $1.7 billion in the first quarter of 2015 compared to the first quarter of 2014. Cable Communications' capital expenditures increased 26.2% to $1.4 billion in the first quarter of 2015, primarily reflecting increased spending on customer premise equipment related to the deployment of the X1 platform and increased investment in support capital as we expand our cloud based initiatives, as well as our ongoing investment in network infrastructure to increase network capacity. Cable capital expenditures represented 12.6% of Cable revenue in the first quarter of 2015 compared to 10.6% in last year's first quarter. NBCUniversal's capital expenditures decreased 8.0% to $268 million in the first quarter of 2015, primarily reflecting decreased investments in facilities, partially offset by increased spending at our Theme Parks.

**Free Cash Flow** increased 12.7% to $3.2 billion in the first quarter of 2015 compared to $2.8 billion in the first quarter of 2014, reflecting growth in consolidated operating cash flow and improvements in working capital, partially offset by higher capital expenditures.

**Operating Cash Flow** for Cable Communications increased 6.2% to $4.7 billion in the first quarter of 2015 compared to $4.4 billion in the first quarter of 2014, reflecting higher revenue, partially offset by a 6.3% increase in operating expenses primarily related to higher video programming costs, as well as an increase in advertising, marketing and promotion expenses. This quarter's operating cash flow margin was 40.9%, consistent with the prior year period.

### Customer Relationships

- **Revenue** for Cable Communications increased 6.3% to $11.4 billion in the first quarter of 2015 compared to $10.8 billion in the first quarter of 2014, driven by increases of 10.7% in high-speed Internet and 21.4% in business services. The increase in Cable revenue reflects increased customer relationships (see below), customers receiving higher levels of service and customers taking additional services, as well as rate adjustments.

- **Customer Relationships** increased by 199,000 to 27.2 million in the first quarter of 2015, a 61% improvement compared to the first quarter of 2014 and driven by increases in double and triple product relationships. At the end of the first quarter, our double and triple product customers increased to 69% of our total customer relationships compared to 68% in the first quarter of 2014. High-Speed Internet customer net additions of 407,000 improved versus last year and were the best result in the last two years, while Video customers declined by 8,000 and Voice net additions slowed to 77,000.

### Operating Cash Flow Margin

- **Operating Cash Flow Margin** for Cable Communications was 40.9% in both 2014 and 2015.

</table>
Revenue for NBCUniversal decreased 4.0% to $6.6 billion in the first quarter of 2015 compared to $6.9 billion in the first quarter of 2014. Excluding $376 million of revenue generated by the broadcast of the NFL's Super Bowl in the first quarter of 2015 and $1.1 billion of revenue generated by the Sochi Olympics in the first quarter of 2014, revenue increased 7.9% (See Table 5). Operating Cash Flow increased 14.0% to $1.5 billion compared to $1.3 billion in the first quarter of 2014, driven by strong results at Theme Parks and Broadcast Television.

Cable Networks
For the first quarter of 2015, revenue from the Cable Networks segment decreased 5.9% to $2.4 billion compared to $2.5 billion in the first quarter of 2014. Excluding $257 million of revenue generated by the Sochi Olympics in the first quarter of 2014, revenue increased 4.9%, reflecting a 4.8% increase in distribution revenue and a 4.3% increase in advertising revenue (see Table 5). Excluding a benefit from a reduction in deferred advertising revenue, advertising growth would have been stable as audience ratings declines were offset by higher prices and volume. Operating cash flow increased 0.3% to $898 million compared to $895 million in the first quarter of 2014, reflecting lower programming and production costs due to the broadcast of the Sochi Olympics in the first quarter of 2014, partially offset by lower revenue.

Broadcast Television
For the first quarter of 2015, revenue from the Broadcast Television segment decreased 14.2% to $2.2 billion compared to $2.6 billion in the first quarter of 2014. Excluding $376 million of revenue generated by the NFL’s Super Bowl in the first quarter of 2015, as well as $846 million of revenue generated by the Sochi Olympics in the first quarter of 2014, revenue increased 5.5%, driven by a 5.5% increase in advertising revenue, as well as higher retransmission consent fees (see Table 5). Operating cash flow increased 48.9% to $182 million compared to $122 million in the first quarter of 2014, reflecting lower programming and production costs due to the broadcast of the Sochi Olympics in the first quarter of 2014 and a profitable Super Bowl, partially offset by lower revenue.

Filmed Entertainment
For the first quarter of 2015, revenue from the Filmed Entertainment segment increased 7.0% to $1.4 billion compared to the first quarter of 2014, reflecting higher content licensing and home entertainment revenue, partially offset by lower theatrical revenue. Operating cash flow increased 1.7% to $293 million compared to $288 million in the first quarter of 2014, reflecting higher revenue, partially offset by increased marketing expenses ahead of the release of Furious 7 early in the second quarter.

Theme Parks
For the first quarter of 2015, revenue from the Theme Parks segment increased 33.7% to $651 million compared to $487 million in the first quarter of 2014, reflecting higher guest attendance and per capita spending, driven by the continued success of Orlando’s The Wizarding World of Harry Potter™ - Diagon Alley™. First quarter operating cash flow increased 54.6% to $263 million compared to $170 million in the same period last year, reflecting higher revenue, partially offset by an increase in operating costs to support the new attractions.

Headquarters, Other and Eliminations
NBCUniversal Headquarters, Other and Eliminations include overhead and eliminations among the NBCUniversal businesses. For the quarter ended March 31, 2015, NBCUniversal Headquarters, Other and Eliminations operating cash flow loss was $142
million compared to a loss of $164 million in the first quarter of 2014, reflecting lower employee costs.

Corporate, Other and Eliminations

Corporate, Other and Eliminations primarily include corporate operations, Comcast-Spectacor and eliminations among Comcast's businesses. For the quarter ended March 31, 2015, Corporate, Other and Eliminations revenue was ($181) million compared to ($225) million in 2014. The operating cash flow loss was $212 million, including $99 million of transaction-related costs, compared to a loss of $173 million in the first quarter of 2014, which included $17 million of transaction-related costs.

Notes:
1 We define Operating Cash Flow as operating income (loss) before depreciation and amortization, excluding impairment charges related to fixed and intangible assets and gains or losses on the sale of assets, if any.

2 Earnings per share amounts are presented on a diluted basis.

3 We define Free Cash Flow as Net Cash Provided by Operating Activities (as stated in our Consolidated Statement of Cash Flows) reduced by capital expenditures, cash paid for intangible assets, principal payments on capital leases and cash distributions to noncontrolling interests; and adjusted for any payments and receipts related to certain nonoperating items, net of estimated tax benefits. The definition of Free Cash Flow excludes any impact from Economic Stimulus packages. These amounts have been excluded from Free Cash Flow to provide an appropriate comparison.

All percentages are calculated on whole numbers. Minor differences may exist due to rounding.
