Cautionary Statement Regarding Forward-Looking Statements
This press release contains statements which are, or may be deemed to be, “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are prospective in nature and are not based on historical facts, but rather on current expectations and projections of the management of Comcast about future events, and are therefore subject to risks and uncertainties which could cause actual results to differ materially from the future results expressed or implied by the forward-looking statements. The forward-looking statements contained in this press release may include statements relating to the expected timing, scope, terms and conditions of a Comcast transaction to acquire certain businesses and assets of 21CF, the likelihood and timing of receipt of regulatory approvals with respect to a Comcast transaction to acquire 21CF, the anticipated benefits of the potential transaction and other statements other than historical facts. Often, but not always, forward-looking statements can be identified by the use of forward-looking words such as “plans”, “expects” or “does not expect”, “is expected”, “is subject to”, “budget”, “scheduled”, “estimates”, “forecasts”, “intends”, “anticipates” or “does not anticipate”, or “believes”, or variations of such words and phrases or statements that certain actions, events or results “may”, “could”, “should”, “would”, “might” or “will” be taken, occur or be achieved. Although Comcast believes that the expectations reflected in such forward-looking statements are reasonable, Comcast can give no assurance that such expectations will prove to be correct. By their nature, forward-looking statements involve risk and uncertainty because they relate to events and depend on circumstances that will occur in the future. There are a number of factors that could cause actual results and developments to differ materially from those expressed or implied by such forward-looking statements, including any legal and regulatory developments and changes and other risks and uncertainties including those described in Comcast’s filings with the U.S. Securities and Exchange Commission (“SEC”). The forward-looking statements contained in this press release should be construed in the light of such factors. Neither Comcast nor any of its associates or directors, officers or advisers, provides any representation, assurance or guarantee that the occurrence of the events expressed or implied in any forward-looking statements in this press release will actually occur. You are cautioned not to place undue reliance on these forward-looking statements. Other than in accordance with their legal or regulatory obligations, Comcast is under no obligation, and Comcast expressly disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Confident in regulatory approval on timetable equivalent to Disney

• Comcast’s acquisition of these Fox assets would not be subject to FCC review
• Minimal US antitrust issues and proposal contains strong safeguards for 21st Century Fox shareholders
  − Primarily international assets being acquired (70% of acquired revenue is international, assuming 100% of Sky)
  − Overlap in domestic businesses compares favorably vs. Disney
  − Matches structural remedy commitments provided by Disney
  − Proposal includes $2.5Bn regulatory breakup fee provided by Disney
  − Open to working with antitrust authorities on structural and/or behavioral remedies as needed
• Confident in timely international approvals given limited existing Comcast presence outside of US
• No material difference expected in timing of antitrust review vs. Disney
